Message from the Committee

This past year saw a significant reduction in numbers of our committee members after retirement of long serving members and due to illness. Currently there are only 4 active committee members.

To continue our renewal we need input, help and participation of our members. What improvements would you like to see in the provision of Lymphoedema services in NSW? What would you like to see from the Support Group? In what way could YOU help achieve those improvements?

Please come to our AGM at University of Technology on 9th April 2011 and have a say.
